wattyl®

Protective Coatings

Valspar

The Valspar Corporation is a global leader in the paint and coatings industry. Since 1806, Valspar has been dedicated to bringing customers the latest innovations, the finest quality and the best customer service in the coating industry. With more than 9500 employees in over 25 countries, Valspar is in a truly unique position to supply customers with the coatings solutions they need. Valspar product ranges include:

- High performance protective coatings for commercial infrastructure and heavy industrial markets
- High performance marine coatings
- Commercial coatings for timber, metal and road marking
- Automotive refinish, packaging and coil coatings
- Paints, varnishes and stains for the do-it-yourself and professional markets

Our Quality

Valspar is committed to quality in the design, production and delivery of its products and services. Valspar's local operations are certified to ISO9001:2008, its laboratories are accredited by NATA¹ and selected products have APAS² and Green Star accreditations.

Wattyl Protective Coatings

Wattyl Protective Coatings is a leading paint and coatings manufacturer in the Australasian region, specializing in high performance protective and marine coating solutions across a vast range of market segments, namely infrastructure, water and waste, oil and gas, mining and power. It's innovative, quality products meet the challenges associated with the harsh extremes of the local environment. Products are designed to provide optimum performance, improve efficiency and reduce operating costs. Valspar acquired the Wattyl Group in 2010, further strengthening the Wattyl brand by bringing expertise and experience from one of the largest global coatings companies. Our portfolio of prominent brands include Epiname[®] epoxies, Galvit[®] zincs, SeaPro[®] marine coatings, and Poly U[™] & Colourthane[®] high performance finishes.

Wattyl Protective Coatings - Designed to reduce complexity, optimize the life of your assets and deliver brilliant results.

The colours on this chart demonstrate the range of AS2700 and selected industry micaceous iron oxide colours only and should not be used for colour matching. The colours shown are close as possible to the actual paint colour. The paint itself will appear darker on large areas and shade variations may occur as product or gloss level is varied. Note, not all colours are available in all products.

¹ National Association of Testing Authorities, Australia. ² Australian Paint Approval Scheme; refer to the relevant product technical data sheet for approvals.
